

Harbor District Priming to Obtain Site of L. A. County Exposition

The first committee to be chosen by the industrial council to bring the big trade exposition and fair to the south end of Los Angeles county will be the site committee, it was announced late yesterday by Judge Benjamin F. Brown, president of the new organization. The council will meet at 109th and Broadway, Los Angeles, next Monday evening. Permanent offices of the organization are at 419 West Vernon avenue, and hours are 9 a. m. to 5 p. m.

A call has been sent out to all communities in the south end of the county to send representatives to the meeting. This includes chambers of commerce, military organizations, clubs

and religious leaders. Especially strong representation is expected from the Harbor district. "We desire every city, town and community to have proper representation and be prepared to offer the names of the most qualified men and women to take an active part in choosing the site," Judge Brown said. "The site choice of the committee will be submitted to the voters of Los Angeles at a later date."

Other committees to be formed at the Monday night meeting are membership, union, veteran, religious, financial and publicity. Judge Brown urged that all communities form their committees and otherwise be prepared for action at the meeting Monday night.

Fog Lights Stolen Second Time

Chester Crawford of this city had two fog lights stolen from his car for the second time Thursday night, he reported to police. The lights, recently replaced for a pair stolen about two months ago, were removed from the machine while it was parked in front of Crawford's apartment.

June Ends Term as Head of Bank Group

The most successful year in the history of the Harbor District Chapter of the American Institute of Banking was closed by President Leland H. June, assistant cashier at the Torrance Bank of America, last Friday night at the chapter's annual banquet.

The affair was held at the Virginia Country club in Long Beach. June received a desk set as a token of the chapter's appreciation of his administration. The new president is P. H. McCandless of Terminal Island.

Not only was the enrollment in A. I. B. classes the largest in the history of the district, but by the close of the past year the membership in the chapter, which was weak a year ago, had grown to the largest the chapter ever enjoyed, the retiring president said.

Appreciation of the co-operation of the members, the press and the three clearing houses in the district was expressed. He asked the members to give the same co-operation to the new officers.

Delegations were present from the A. I. B. chapters in Los Angeles, Pasadena, San Diego and Orange county. The response of the membership to the retiring president's remarks was made by W. M. Bates of the Federal Reserve Bank in Los Angeles, retiring president of the Los Angeles chapter.

Parleys on County Budget Get Under Way This Week

Informal conferences on the maintenance and outlay budgets and the capital outlay budgets for the 50-odd county departments were started this week by the board of supervisors, following presentation of the tentative budget by the county auditor, totaling \$67,402,287.

The tentative figure is \$14,000,000 more than actual expenditures for the fiscal year that will end June 30. It is \$15,000,000 more than last year's tentative budget. When the hearings are over, the supervisors hope to have it pared down to a figure that will not require an increase in the present general tax rate of \$1.27, but it is just a hope until it is accomplished.

Foundry Chipper's Goggles Prevent Serious Eye Injury at Steel Plant

—Courtesy The Steel Blade.

On May 19, 1937, George Blood was chipping on a casting at the Columbia Steel plant when a chip flew and struck the left lens of his goggles with terrific force. A temporary impression of the cup of the goggles was visible around his eye where the cup rested against the face.

The steel chip weighed nearly half an ounce and although the lens was broken, there was no injury to the eye.

The goggles and chip from the casting in question are on display on the main bulletin board at the steel plant.

Marksman Show Skill With Pistols at Moose Party

Revealing rare proficiency with fire arms, two members of the Revolver Club, Officer Percy Bennett and Hugh Eckersley made the McDonald hall on Carson street ring with trick gunfire during an exhibition following a card party given by the Moose lodge last Friday night.

Cigarettes were shot from members' hands and cigars were clipped from their lips by the crackshooting pair. The officers also hit the thin edge of cards at long range and worked with difficult and confusing moving pendulum targets. A sheet steel backdrop was employed by the pair in their indoor exhibition. They will repeat their performance for other local organizations during the Summer they reported.

Student Office Seekers Campaign for Friday Election

A complete list of candidates for student body offices to be voted on Friday at the high school was furnishing the basis for some high-powered campaigning yesterday and today. Leonard Harris, Mildred Higgins and James Horlett are seeking election as president of the student body and their race was going at top-speed today.

Other candidates are: For vice-president, Louis Madore and Dorothy Elder; for commissioner of athletics, Tommy Wilkes, unopposed; for commissioner of entertainment, Weston Leech and Marcella Crook; for commissioner of finance, Harry A. Bell, unopposed; for advertising manager, Hans Sommer and Harvey Abramson.

For commissioner of group control, Norma Schematter and LeRoy Benner; for secretary, Alice Taylor, Peggy Olson and Lomoye Nagayama; for boys' league president, Wilbur Franklin, Arthur Basile and Arthur Woodcock; for girls' self-government, Margaret Hogue and Norma Jacobs; for boys' self-government, Addison Smith and Earl Andrews.

Three Boys Hurt In Crash Near Country Club

Ramon and Trinidad Aguirre, 14 and 22 years of age, are in the Hermosa hospital suffering from serious injuries and Gilbert Cardenas, 14, is recovering at his Redondo Beach home as result of an automobile accident near the Palos Verdes Country club last Thursday night.

Sheriff's officers said the light coupe in which the three boys were riding overturned twice after striking a curb and jostling the left rear wheel. Cardenas suffered a fractured nose and a possible skull fracture. The Aguirre brothers may have serious internal injuries.

KANNAPOLIS, N. C. (U.P.)—Mamie Houston, Negro woman, slashed with a razor by a midnight attacker, had doctors pour over her for four hours dressing her wounds. One hundred and five stitches were required.

Flood Damage Claim Denied

Denial of the \$43,000 claim filed against the county by T. J. Nestor for damages alleged to have been sustained by him in the area of Nigger Slough due to high water was recommended to the board of supervisors this week by the county counsel's office.

"From the information conveyed in Nestor's claim, it would appear that the acts of which he complains probably were those of the county sanitation districts, which have their own board of directors and for which the county of Los Angeles and the Los Angeles county flood control district are not responsible," the county counsel's office stated.

It was understood that other claims are to be filed with the county as the result of high water in the Nigger Slough that inundated many blocks and rendered low-lying subdivided property worthless.

Japanese Garden at Narbonne High Under Construction

Narbonne high school will have an added bit of charm when the Japanese garden is completed. The boys in the Nippon club started working on this original feature May 21 and expect to complete it during the next school year.

The garden will be situated between the cafeteria and the new building. There will be an ancient Japanese gate at the entrance, three small hills, and a pool with a dainty wooden bridge over it. The probable cost will be \$250, and the enthusiastic members of the Nippon club plan to raise this sum through entertainments and donations.

Fire Damages Home on Andro Monday

Forty-five minutes after the family left for Los Angeles Monday evening, fire broke out in the kitchen of the J. B. Shaw home at 1820 Andro avenue. The blaze, which did considerable damage, was noticed by Mrs. Howard Locke, a neighbor at 7:30 o'clock. The Shaws had left their home about 6:45.

The fire department was summoned and extinguished the blaze. The kitchen was badly wrecked and other rooms of the house were smoke-damaged. Cause of the blaze has not been determined.
